Zakat illuminates Life

This world has diverse group of people, varying in color, size, and features. Amongst them are the rich and the poor, To ensure equality is not easy but to see they are not further marginalized, Allah the Almighty has provided us with certain schemes, and Zakat is one of them. It involves providing a certain percentage of wealth from those who have much to those who have little. Zakat is one of the five pillars of Islam.

Keeping in mind the positive impact that Zakat can make in the society when distributed properly. There are numerous schemes for the needy, including housing, education support, and employment projects. Through Zakat, we can ensure that everyone around us has a prosperous and secure life. Baithuzzakath Kerala has been developed as an institution for the people across the state, regardless of their differences, that will be a source of solace for thousands more.

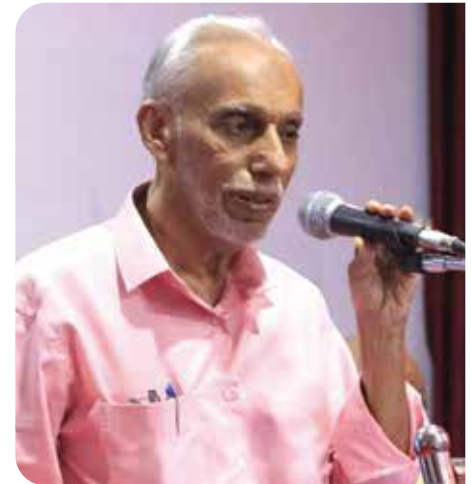

We firmly believe, you will be a part of this benevolence, Baithuzzakath Kerala.

May the Almighty grant his rewards upon us, Aameen.

With prayers,

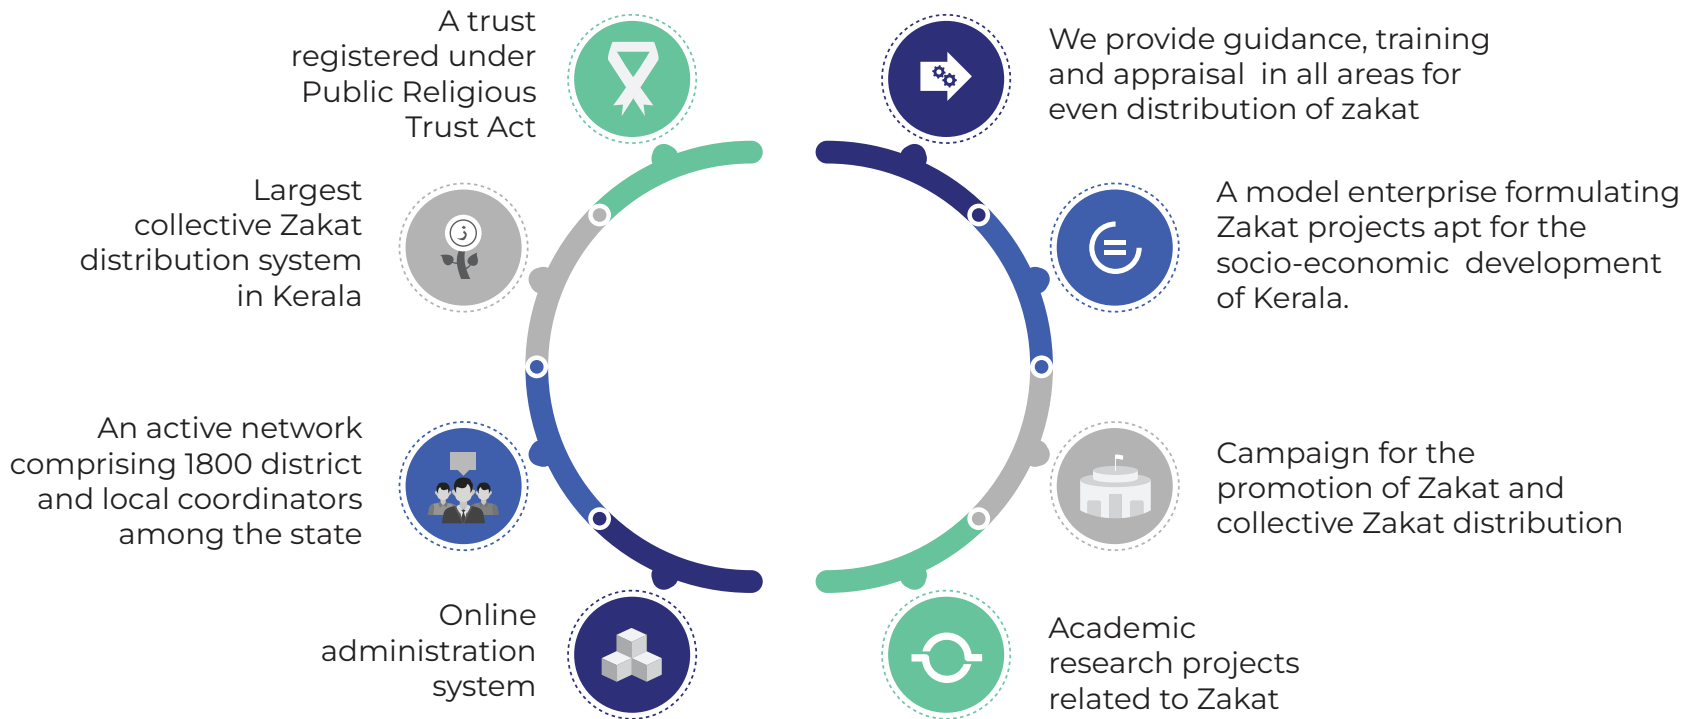

V.K ALI
